Elite HDF Synchronized flooring from Action Tesa is having very unique feature. Embossed texture is registered with decor paper pattern. The texture of press plates is synchronized with décor paper pattern. Unlike other laminate flooring surfaces it matches the texture of the décor paper's underlying pattern rather than just applying a generic wood grain texture .

Synchronized laminate flooring is therefore an ideal choice for those who want their floor to look as close to real wood as possible.

Available in 8mm & 12mm - AC4
Available in: Dark Veins - 3550, Bella Wood - 3551, White Marbau - 3552 & Harbor Maple - 3553

Handscraped laminate flooring – Handscraped finish is unique because it shows Handscraped look on it. Product is liked by the people due to its rustic surface and the texture becomes deeper and richer. It appears imperfect in look but it has perfect style and elegance in addition to it. The warm tone brings in certain comfort and calmness we will like . Each floor has an aged look with inherent' flaws ' that gives it its complete uniqueness. This is truly a beautiful choice which will always delight

Available in 12mm - AC4 Shades
